Md Mojahid

Frontend Developer

I have a great interest in Software Development. Currently, I am working to enhance my Web Development Skills (like: HTML5, CSS3, JavaScript and React Js). I want to work for an organization where I can enhance my technical knowledge and get experience by achieving the organization goal.

EXPERIENCE

FRONTEND WEB DEVELOPER
Codermaniaa Labs Pvt. Ltd.
01/2022 - 09/2022   *Gorakhpur, Uttar Pradesh*

Tasks
- I worked on a project as a React JS Intern in this organization. Mostly my task was to develop UI screen in React JS using functional component feature.
- Converting the designs into working site.
- Cleaning existing pages and converting to newer designs.
- Constantly delivering and receiving the feedback.
- Fixing any problems in previously written code.
- Making the required changes suggested by client.

SKILLS

HTML CSS React JS JavaScript Bootstrap

Git GitHub SCSS

PERSONAL PROJECTS

Book Listing App using (React Js, React-redux, Axios) ↗
